APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA
Date of first receipt and filing in State Engineer's office DEC 19 1834 Returned to applicant for correction Corrected application filed
The undersigned Grayson W. Hinckley & Co.
of Eureka , County of Eureka ,
State of Nevada , hereby make application for
permission to appropriate the public waters of the State of Nevada, as
hereinafter stated. (If applicant is a corporation, give date and place
of incorporation.)
1. The source of the proposed appropriation is Humboldt River
(Application to change the point of diversion. See Supplemental
Sheet.) 2: The amount of water applied for issecond-feet.
The water to be used for
Irrigation, power, mining, manufacturing, domestic, or other use 4. The water is to be diverted from its source at the following point:
[2] [2] [4] [4] [4] [4] [4] [4] [4] [4] [4] [4
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated:
IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:
(a) Number of acres to be irrigated is
(b) Description of land to be irrigated
Describe by legal subdivision, or if on unsurveyed land it should
be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.
(c) Use will begin about and end about of each year.
IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:
(d) Power to be developed is horsepower.
(e) Works to be located Give 40-acre subdivision on which works will be located, or locate by course and distance to a section-corner.
(f) Point of return of water to stream
Describe in same manner as point of diversion.
(g) State number and kinds of animals to be watered
(h) Use will begin about, of each year.
(i) Remarks

DESCRIPTION OF PROPOSED WORKS
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, dumes, or other conduits. If water
is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

- IN THE OFFICE OF THE STATE ENGINEER OF THE STATE OF NEVADA

IN THE MATTER OF THE APPLICATION OF GRAYSON W. HINCKLEY & CO., TO CHANGE THE PLACE OF DIVERSION OF WATERS OF THE HUMBOLDT RIVER.

APPLICATION FOR CHANGE OF PLACE OF DIVERSION.

The undersigned, CRAYSON W. HINCKLEY & CO., a Co-partner-ship, of Beowawe, County of Eureka, State of Nevada, hereby makes application for permission to change the place of diversion of 8.786 cubic feet per second, of the waters of the Humboldt River in Eureka County, Nevada, and respectfully shows:

Ι

The source of the proposed change is Humboldt River; the amount of water whose place of diversion is sought to be changed is 8.786 cubic feet per second.

II.

The description of the present point of diversion, as appears from the records of the State Engineer's Office, and the final decree in the Humboldt River Adjudication is, SE4SW4 Sec. 32, T. 32 N., R. 49 E., M.D.M., or at a point which bears South 58° 15' W. 3902.00 feet from the quarter corner between Sections 32 and 33 in said Township and Hange, which point describes the location of the intake of what is known as Beowawe Ditch No. 1.

III.

The description of the proposed point of diversion is SE1NW1 of Section 11, T. 31 N., R. 49 E., M.D.M., or at a point which bears N. 672 39. W. 9975.00 feet from the southeast corner of Section 12, in said Township and range, and which point describes the present intake of what is known as the High Line Canal.

IV.

The description of the land now irrigated from the present point of diversion is as follows:

In T. 32 N., R. 49 E., M.D.M.

Sec. 28, portion of the following subdivisions: NEANWA, NWANWA, SWANWA, WASWA;
Sec. 29, the whole thereof;
Sec. 32, NEASEA, NWASEA, NEANWA, SEANWA, SEASWA, SEASWA,

All of which is described in the Findings of Fact, Conclusions of Law and Decree at pages 96 and 97 in the Matter of the Determination of the Relative Rights of Claimants and Appropriators of the Waters of the Humboldt River Stream System and its tributaries, being No. 2804 in the Sixth Judicial District Court of the State of Nevada, in and for the County of Humboldt, filed October 20, 1931.

The description of the land to be irrigated under the proposed point of diversion is the same as that contained in paragraph numbered IV above.

v.T.

The estimated cost of the work is \$150.00.

VII.

The estimated time required to construct said work is one year.

VIII.

The description of the proposed work is as follows:

Replacing old flume across Beowawe Ditch No. 1 in NE4SW4 of Sec. 32, T. 32 N., R. 49 E., M.D.M.

TY

The estimated time to complete application of water to beneficial use is as follows:

Water may be applied to beneficial use immediately:

χ̈́.

Remarks. All data as to number of acres, times of diversion and use, return of water to stream, irrigating season duty of water, etc., are identically the same as appearing on said pages 96 and 97 of said Findings and Decree. The same lands under the proposed diversion will be irrigated as the lands under the present diversion, but will be irrigated with greater economy and less loss through evaporation, seepage or other transmission loss in the application of said water to beneficial use.

The water will be diverted by means of a concrete headgate in the High Line Canal. Practically no dam or other onstruction in the main channel of the Humboldt River will be required. Said headgate has been in use for many years, by reason
whereof, applicant claims the present right to make said diversion
through said high line canal. The present application is made
for the purpose of having a permanent record thereof, and without
waiver of subsisting right so to divert said water.

GRAYSON W. HINCKLEY & CO. APPLICANT

By Grayson W. Hinckley.

Compared AS-CT

APPROVAL

This permit to change the point of diversion of the waters of the Humboldt River for 93.19 acres of harvest crops, 960.04 acres meadow pasture and 33.71 acres diversified pasture as described on pages 96 and 97 of the Findings of Fact, Conclusions of Law and Decree, In the Matter of Determination of the Relative Rights of Claimants and Appropriators of the waters of the Humboldt Stream System and its tributaries, being No. 2804 in the Sixth Judicial Court of the State of Nevada, in and for the County of Humboldt filed October 20, 1931, is granted with the understanding that no other rights on the source will be affected by the change proposed herein. It is further understood that no change in the place of use of the waters under this proposed change in point of diversion is contemplated. The state reserves the right to regulate the water under the change proposed herein at any and all times.

The amount of water to be changed shall be limited to 8.786 cubic feet per second or 2019.41 acre feet within the irrigation season for the various classes of culture as above specified.

Actual construction work shall begin on or before October 1, 1935. Proof of commencement of work shall be filed on or before November 1, 1935. Work must be prosecuted with reasonable diligence and be completed on or before October 1, 1937. Proof of completion of work must be filed on or before November 1, 1937. Application of water to beneficial use shall be made on or before October 1, 1938. Proof of application of water to beneficial use must be filed on or before November 1, 1938.

WITNESS MY HAND AND SEAL THIS

5th day of April, 1935.
